

THE DRAGON BEAT

The Heart of FBCS September-October

A Message From Staff

We are nestling into fall with cozy socks, good books and a feeling of deep gratitude for our FBCS families.

We want to thank you for doing a wonderful job raising your children, our students. Gracefully, patiently, you guide them along as they become mature, responsible, kind young adults. This is rarely an easy task, but it is often a rewarding one.

Thank you for participating in our community by attending events, connecting with other parents and reaching out to teachers. Thank you for investing your time, energy and resources into our campus community. The heart of FBCS beats because of you!

We truly love coming to work every day because it allows us to be a part of this buzzing, innovative culture. It is a place where we belong. Where our students belong and where you belong too.

Please view the next page of the newsletter for more information on resources and ways that you can get involved in our school!

Gratitude from a Student:

“I am grateful for the community being so open to new people and being inclusive no matter who you are or what you look like. I was stuck in the thought that no school was going to be accepting of me until I enrolled at FBCS.” - Madeline Jordan

We are looking for our PAC.

Are you interested in planning community-based events? Do you want to advise the direction of your student's academic projects and prospects?

If so, please reach out to our Family & Community Engagement (FACE) Coordinator about joining a People Action Committee.
