

# THE DRAGON BEAT

*The Heart of FBCS January-February*

We are through the dark months and we are not looking back! Well, we'll do a little recap and then it's on to brighter, sunnier things.

We had fun at the annual Ping-Pong Championship where Alfred Bergen took the title, AGAIN.

The Interact Dance wouldn't have been the same without our resident DJ, A\$AP Wendy, dropping those sick beats, yo.

W7FBS Forrest M. Bird Charter School Amateur Radio Club is in its 3rd year. This is also our 3rd year competing in the February School Club Round-up. W7FBS placed 7th Overall, and 2nd in the High School Division. *More on next page...*

A group of juniors and seniors attended the Bus Tour to North Idaho College and made their way into the Bonner County Daily Bee.

The month of February held two Ethan Murray Fundraisers hosted by Ms. Castor's Advo. Additionally, science teacher Rachel Castor introduced the Spring 2026 OMSI Science Trip to the Oregon Coast.

We had an unexpectedly long weekend which was apparently very timely as our town was under siege of sickness. We hope that our dear community has recovered well and will continue to be reinvigorated with warmer days ahead.

Remember, you can always check your student's Canvas to check assignments, grades and progress in real time. Also, you are always encouraged to reach out to your child's ADVO teacher.

*We create innovative learning opportunities by fostering community, individuality, and imagination.*

### Support Your School Radio Club!

W7FBS is accepting donations. These may be made on the FBCS website - please indicate that you are donating to **Radio Club**.

Your donations will go towards:  
A Bao Feng talk radio for a club member  
A HF rig to give to a licensed student  
Equipment to teach students how to build their own antennas

You may also donate *working* equipment though it may be in need of cleaning or soldering.

Note: If we receive too much equipment, we might sell it as parts to earn enough money to further the program or give away as prizes to student club members.

## Upcoming Events

-  March 13: MS Clover Dance
-  March 11: Science ISAT (8 & 11)
-  March 12: ELA ISAT (6, 7, 8, 11)
-  March 24-April 4: FBCS Spring Break

If you are interested in joining Prom Committee to plan this year's Prom, please contact Scout Gates or Angie Evans.
