

THE DRAGON BEAT

The Heart of FBCS March-April

We had a great past two months here at FBCS.

Students have been kind and have contributed positively to our school community.

For example, we had a wonderful Earth Day Event. Students sold art and food and offered many interactive booths such as the seed-planting station. MS choir students gave a wonderful performance followed by music and yard games outside. Please visit our social media pages to view the Youtube video of the event.

On March 19th, high school students performed their self-written play, 'Inner Thoughts.' Congratulations to Rachel Askew on her debut production as our Theater Arts teacher at FBCS!

Middle School students have had an eventful spring with a Ski Day at Schweitzer, the Clover Dance and many in-class projects such as the Bridge Breaking Competition.

They are looking forward to another fun-filled tri 3 as they take on a multitude of CAP and PBL projects. They have also planned several field trips - dates depicted under 'Upcoming Events.'

6th Grade will go to the annual Forestry Contest next week and will follow-up this tree-themed trimester with a field trip to Tree to Tree Adventure Park. They will also be aiding in the repainting & refurbishing of one classroom area.

7th grade is focusing on community service for their CAP theme. They will be picking up trash in the community & will plant flowers in pots and deliver them to the seniors at Luther Park retirement center.

8th grade is working diligently on Mock Trials as well as Science Fair projects.

We create innovative learning opportunities by fostering community, individuality, and imagination.

Upcoming Events

May 8: 6th Grade Forestry Contest

May 9: Prom - Old Hollywood

May 12: HS Life Sports Day

May 22: All-School Assembly

May 22: 8th Grade Science Fair
